In Progress · 2026

Detail-oriented content evaluation professional with 5+ years reviewing AI-generated outputs, annotating training datasets, and delivering structured human feedback to improve machine learning systems. Background spans administrative coordination, customer service, and remote quality assurance — consistently meeting accuracy benchmarks and adapting quickly to evolving project guidelines.

WORK EXPERIENCE

Freelance AI Content Evaluator Jan 2024 – Present
Self-Employed — Remote

- Evaluate AI-generated responses for factual accuracy, relevance, tone, and safety across general and domain-specific topics
- Write targeted prompts to probe LLM capabilities and identify areas for model improvement
- Submit structured feedback reports aligned with client-provided rubrics; consistently maintain 96%+ quality scores
- Manage multiple concurrent evaluation projects independently with minimal ramp-up time

Content Quality Analyst Mar 2021 – Dec 2023
Appen Ltd. — Remote

- Rated search results, ads, and AI-generated content for relevance and quality on behalf of major technology clients
- Annotated text, image, and audio datasets for supervised machine learning training pipelines
- Flagged misinformation, harmful content, and bias in AI outputs; maintained strict NDA compliance
- Regularly selected for higher-tier evaluation tasks based on consistently high inter-annotator agreement scores

Administrative Coordinator Jun 2017 – Feb 2021
MidAmerican Energy Company — Des Moines, Iowa

- Managed data entry, document processing, and records for a 40-person operations department
- Produced weekly operational reports and trained three incoming staff on internal systems
- Identified and resolved systemic data errors, reducing reporting discrepancies by ~30%

Customer Service Representative Aug 2014 – May 2017
Principal Financial Group — Des Moines, Iowa

- Handled client inquiries on retirement, insurance, and benefit enrollment products
- Maintained precise CRM records and ranked in the top quartile for customer satisfaction for six consecutive quarters
- Recognized as Employee of the Month (February 2016) for accuracy and responsiveness

Office Assistant Jun 2013 – Jul 2014

- Provided administrative support including scheduling, record management, and insurance pre-authorizations
- Maintained HIPAA compliance and assisted with transition to electronic records management system
